

Diver Medical | Participant Questionnaire

Recreational scuba diving and freediving requires good physical and mental health. There are a few medical conditions which can be hazardous while diving, listed below. Those who have, or are predisposed to, any of these conditions, should be evaluated by a physician. This Diver Medical Participant Questionnaire provides a basis to determine if you should seek out that evaluation. If you have any concerns about your diving fitness not represented on this form, consult with your physician before diving. If you are feeling ill, avoid diving. If you think you may have a contagious disease, protect yourself and others by not participating in dive training and/or dive activities. References to "diving" on this form encompass both recreational scuba diving and freediving. This form is principally designed as an initial medical screen for new divers, but is also appropriate for divers taking continuing education. For your safety, and that of others who may dive with you, answer all questions honestly.

Directions					
Complete this questionnaire as a prerequisite to a recreational scuba diving or freediv	ing cour	se.			
Note to women: If you are pregnant, or attempting to become pregnant, do not dive.			r.		
ி. If have had problems with my lungs/breathing, heart, blood, or have been diagnosed with GOVID-19.		Yes 🗗 Go to Box A	No.□.		
2. 1 am over 45 years of age.		Yes 🔀 Go to Box B	No 🗖		
3 I struggle to perform moderate exercise (for example, walk 1.6 kilometer/one mile in 14 minutes or swim meters/yards without resting). OR i have been unable to participate in a normal physical activity due to find or/health reasons within the past 12 months.	200 tness	Yes □*	No 🖸		
4. I have had problems with my eyes, ears, or nasal passages/sinuses.		Yes ☐ Go to Box C	No 🔟		
5. I have had surgery within the last 12 months; OR I have ongoing problems related to past surgery.		Yes.□*	No 🎞		
 I have lost consciousness, had migraine headaches, seizures, stroke, significant head injury, or suffer fro persistent neurologic injury or disease. 		Yes 🗖 Go to Box D	No 🏳
